

Dog Walking Screening Worksheet

Rate the importance of the following issues for your own screening:

Crucial (C): *Determines whether a dog is appropriate for your services. These are issues of such importance that you will make yes or no decisions based upon them.*

Important (I): *You take this issue into serious consideration, but it is not necessarily a final determinant in whether or not to take a client's dog.*

Not important (NI): *You do not use this information in determining whether to take a client's dog.*

ISSUE	C	I	NI	NOTES
